[3] My decision of studying my program of choice went through an examination by the professional designation holder of human resources in Canada, also known as designation of **certified human resources leader governed by the human resources professional association of Canada**

[4] To my satisfaction, I am convinced about making an informed decision about my program choice based on the guidance that I have received

[6] I am applying for my study permit and would like to study in Canada on a full time basis followed by having given an opportunity to work in Canada full time

[9] I have 100% family support to be able to pay my tuition fee in full and covering my living costs, while I am on a student status throughout in Canada
